

This image shows a full page of blank graph paper. The grid consists of small squares formed by thin black lines. There are approximately 20 columns and 25 rows of squares. A thicker vertical line runs down the left side, about one-fifth of the way from the edge, creating a margin. Similarly, a thicker horizontal line runs across the top, about one-fifth of the way from the edge, also creating a header area. These two lines intersect at the top-left corner. The rest of the page is filled with the standard grid pattern.
